Advanced Open Water Diver

Get more out of diving by talking the next step in dive training. Advanced Open Water Diver certification provides an introduction to new types of diving including navigation, deep diving, wreck diving, and more. Hone your skills and build confidence with us!

Nitrox Diver

Enjoy more bottom time and explore more reef when you enroll in the PADI Enriched Air Diver course. One of our instructor will teach you about the special gear and diving considerations that come with Enriched Air diving.

Rescue Diver

Be prepared should a problem arise! The Rescue Diver course is both challenging and rewarding. Instructor you on how to prepare for and manage emergency situation such as rescuing panicked or unresponsive divers.

The cost: Option a: RESCUE DIVER MASTER CLASS (1.730 USD)

Option B: RESCUE DIVER MASTER CLASS + Advance + Nitrox (2.420 USD)

The price included: Hotel, gear rental, tanks, tanks fills, books, certifications.

If you do not have the training then consider taking the PADI open water Diver course this week Special Price on this class 420 USD
