Meeting of the Executive Committee

Paris - 22.November 1995

In attendance of

H.R.H. Prince Adan Czartoryski Borbon	President
J.C. Duchemin	General Secretary
G. Popper	Treasurer
J. Chenal	Managing Director

F. Wendland General Manager (He was visited by the President on 25.November and all items of the agenda were discussed with him too.)

Invited:

N. Osman - Vice President IBSSA-France

H.R.H. Prince Adan Czartoryski Borbon, the President of "IBSSA" was welcoming the present board members and opened the meeting.

During the meeting the followings were discussed and decisions were taken:

1. New membership:

See enclosed list of applications.  
(Paris, 15.November 1995)

The Chinese Taipei Bodyguard Association and other 23 persons from 8 countries were accepted for membership.

2. Milipol - 95 Paris

The President and the Treasurer gave a report about their visit at Milipol, which is the greatest exhibition of Europe for military, police and security business.

It was stated that it was very important that IBSSA was present; the delegation had important meetings with potential partners and members. It was proposed that IBSSA should participate at Milipol - Katar - 1996. Decision was not taken.

3. IBSSA Education & Qualification Department

It was underlined that before the first official IBSSA Bodyguard Training will start - it is necessary to elaborate the rules and regulations for the whole training system, the examination system and the control of the level of the trainings worldwide.

Those rules and regulations should be printed English and French. However Mr. Chenal stated that IBSSA Training Center was only interested in high level bodyguard trainings - IBSSA is also in charge for training of security guards for security of buildings and other objects. (Money transportation, etc.)

It was also discussed that the official training center of IBSSA is the top of the system and Mr. Chenal together with the other members of the Education Department should work out how other training centers will be recognized by IBSSA, how the Education Department will control the level of their trainings and what kind of specialization or qualification of those training centers is proposed.(for instance an IBSSA recognized training center in Hungary will train only national level bodyguards, international bodyguards level – "c" and other guards, while another training center in Switzerland will train international bodyguard level "c" and "b" and other guards.

For the license of international bodyguard level "a" and instructors everybody should visit the IBSSA Training Center.

The followings were decided:

George Popper will send to France:

- Minutes of the present meeting.
- Information on present ID-card system (enclosure – b)
- Guidelines for the information brochure of IBSSA training courses

The General Secretary and Mr. Chenal will prepare the following materials:

- "IBSSA International - Bodyguard" requirements and grading system.
- Professional information on the IBSSA training program and courses.

\* It was also agreed that the General Secretary or the IBSSA Information Center will send out the general information about the training seminars - but detailed information will be sent by the organizer of the training course direct to the participants.

Payment for the course should be transferred in advance direct to the organizer of the seminar.

The organizer is obliged to pay 10% of the participation fee for IBSSA. \*

4. The President reported that he received from "Belleroche" a proposal for the contract with IBSSA but before signing he gave it to the Legal Advisor to check it (as it was decided before).

After the contract will be signed, - the Treasurer will inform all coordinating offices and members about the system of distribution of merchandise with IBSSA logo, prices and reductions for members.

5. The Treasurer reported that an updated membership list with the congress minutes and actual information will be printed and distributed in December 1995.

6. The meeting was closed by the President.

The Treasurer took minutes.
